

Eduardo Bratz

Solutions Architect & AI Engineering Leader

São Paulo, Brazil | ebratz@gmail.com
<https://ebratz.com>
<https://www.linkedin.com/in/ebratz/>

Profile

Nearly 30 years in IT, including SAP Basis and architecture roles since 2008. I combine enterprise technology strategy with hands-on development, building cloud-native applications and agentic AI systems on AWS. From advising leadership to shipping code, I focus on the business problem, the people using the system, and what happens after go-live.

Professional experience

Sr. Partner Solutions Architect - SAP Specialist

[Amazon Web Services \(AWS\)](#) | Jul 2024 - Present

SAP-specialist partner solutions architecture. My broader work connects technology strategy, solution design, and hands-on engineering.

Sr. SAP Technical Architect

[Amazon Web Services \(AWS\)](#) | Jul 2022 - Jul 2024

SAP technical architecture at AWS, based in São Paulo.

SAP Technical Architect

[Amazon Web Services \(AWS\)](#) | Jul 2020 - Sep 2022

SAP technical architecture at AWS. Dates are preserved as listed on LinkedIn, including the overlap with the next role.

Senior SAP Basis Consultant

[DISYS](#) | Dec 2015 - Nov 2019

SAP Basis consulting for the ExxonMobil account, based in Curitiba.

Senior SAP Basis Consultant

[ITS Group](#) | Jul 2013 - Nov 2015

Implementation, upgrade, and maintenance projects for customers including Coca-Cola, Grupo Herval, ArcelorMittal, and Embraco.

SAP Basis Consultant

[IBM](#) | Jan 2008 - Apr 2013

SAP Basis / NetWeaver consulting in IBM GTS Strategic Outsourcing. Supported a global account across 14 countries and a heterogeneous landscape of more than 200 SAP instances.

Trainer and Support Technician

[Sisnema Informática](#) | Jan 2005 - Dec 2007

Microsoft Certified Trainer for server product courses, including MCSA, MCSE, ISA Server, and Exchange. Technical support across Citrix, Cisco, Microsoft, Linux, and web infrastructure.

Education

IT Management, Universidade do Vale do Rio dos Sinos (2008 - 2013).

Core capabilities

SAP Basis & Architecture | Technology Strategy | Agentic AI | Amazon Bedrock & Claude | Next.js & React | TypeScript & Node.js | Python | AWS & Serverless | DynamoDB | Technical Enablement

Languages

Portuguese: Native | English: Full professional | Spanish: Full professional | German: Elementary
